

| 4 | HORMONES-THYROID | HORMONES - THYROÏDE | SCHILDDRÜSE-HORMONE |
|----------|---------------------------------------|---------------------------------------|-------------------------------------|
| 1 | Aldosterone | <i>Aldosterone</i> | Aldosteron |
| 2 | Calcitonin | <i>Calcitonine</i> | Kalzitonin |
| 3 | Cholecystokinin | <i>Cholécystokinine</i> | Cholezystokinin |
| 4 | Cholesterol | <i>Cholestérol</i> | Cholesterol |
| 5 | Corticosterone | <i>Corticostérone</i> | Corticosteron |
| 6 | Epinephrine (adrenalin) | <i>Epinephrine (adrénaline)</i> | Epinephrin (Adrenalin) |
| 7 | Estradiol | <i>Œstradiol</i> | Östradiol |
| 8 | Estriol | <i>Œstriol</i> | Östriol |
| 9 | Estrone | <i>Œstrone</i> | Östron |
| 10 | Etiocholanolone | <i>Etiocholanolone</i> | Etiocholanolon |
| 11 | FSH (Follicle Stimulating H.) | <i>FSH</i> | FSH (follikelstimulierendes Hormon) |
| 12 | Hashimotos Thyroiditis | <i>Thyroidite de Hashimoto</i> | Hashimoto-Thyreoiditis |
| 13 | Lactogenic Hormone | <i>Hormone lactogénique</i> | Laktogenes Hormon |
| 14 | Norepinephrine (noradrenalin) | <i>Norepinephrine (noradrénaline)</i> | Norepinephrin (Noradrenalin) |
| 15 | Parathormone | <i>Parathormone</i> | Parathormon |
| 16 | T3 (Triiodothyronine) | <i>Thyro-T3</i> | Trijodthyronin (T3) |
| 17 | T4 (Thyroxine) | <i>Thyro-T4</i> | Thyroxin (T4) |
| 18 | Thyrotropin | <i>Thyrotropine</i> | Thyrotropin |
| 19 | TRH (Thyrotropin Releasing H.) | <i>TRH</i> | TRH (Thyrotropin Releasing Hormon) |
| 20 | Vasoactive Intestinal Peptide | <i>VIP</i> | VIP (Vasoaktives Intestinal Peptid) |
